Kabelo Madimabe

Agile Web Developer (In training)

City of Johannesburg, Gauteng, South Africa

Summary

<https://kabelo-pro.github.io/personal-website1/>

A web developer with a passion for problem-solving and creating engaging user experiences. Skilled in HTML, CSS, JavaScript, Bootstrap, DOM, jQuery, Node.js, Express.js, NPM, GitHub, MongoDB, and Mongoose. With 3 years of experience building dynamic, responsive websites and web applications, I'm always seeking new ways to innovate and improve. Let's collaborate to bring your ideas to life!

If you're looking for a skilled web developer to help bring your ideas to life, I'd love to connect and learn more about your goals and needs. Let's build something great together!

Experience

Freelance

Web Developer

March 2020 - Present (3 years 2 months)

South Africa

Im web developer who has always been passionate about solving problems using software. I enjoy coding and bringing ideas to life using my coding skills.

I listen well to the clients requirements and then bring those to life. I also pride myself at being an effective communicator. Please feel free to contact me for more information on what I have to offer.
